

# Your Partner in Renewable Energy Solutions

Transforming energy for South  
Africa's property leaders with  
tailored solar solutions.

[Downloadable PDF Brochure](#)

## Introduction

Bidvest Renewable Solutions (BRS) specialises in the design, supply, and installation of advanced renewable energy systems, with a strong emphasis on solar energy. As a division of Electech Power Solutions and part of the Bidvest family, BRS has experienced rapid growth since its inception in 2019, establishing itself as a significant player in South Africa's renewable energy sector by delivering over 100 megawatts of solar components.

**Our mission is to offer customised solutions** that help commercial and industrial businesses **reduce energy costs, achieve ESG (Environmental, Social, and Governance) targets, and meet sustainability goals**—while ensuring reliable aftercare and support.

Additionally, we distribute a range of electrical equipment and components. This includes Weidmüller connectivity and interface products, metering solutions, low-voltage (LV) and medium-voltage (MV) switchgear, motor control systems, and a comprehensive array of solar equipment.

# Engineered for Excellence. Built for Efficiency.

At BRS, every project begins with an on-site evaluation and microsecond energy measurement to ensure precise simulations and system sizing. Our team of accredited professionals designs and installs solutions, including:

- **Grid-Tie PV Systems:** Seamlessly integrate PV Systems with existing energy infrastructure.
- **Hybrid Systems:** Combine solar with battery storage for flexibility and resilience.
- **Off-Grid Systems:** Provide reliable energy independence.

## Why Choose Bidvest Renewable Solutions?

- High-quality equipment adhering to international standards.
- Tier 1 components from trusted brands like Canadian Solar, Sunsynk, and Victron.
- Systems engineered monitored for long-term performance and maximum savings.

## What We Offer:

### COMPONENT DISTRIBUTION FOR CHANNEL PARTNERS

- Inverters
- Batteries
- Solar Panels
- Mounting Structures
- PV Cables
- Combiner Boxes

Full **commercial industrial** turnkey solutions for **solar and back-up power**

# Clear Costs. Real Savings.

## OUR TAILORED FINANCIAL MODELS ENSURE TRANSPARENCY AND FLEXIBILITY:

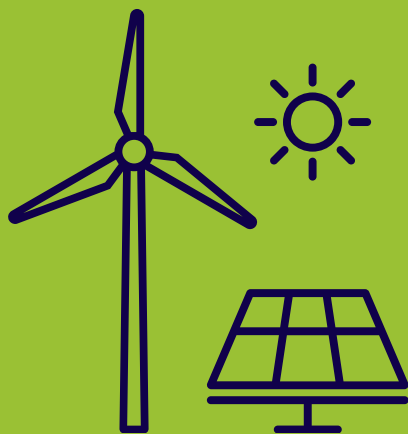

- **Outright Purchase:** Own your solar system with complete control over your energy assets.
- **Financing Options:** Our partnership with Bidvest Bank allows flexible payment plans.
- **PPA (Power Purchase Agreement):** No upfront capital needed — just affordable, predictable energy costs.

## Value Beyond Energy Savings:

- Transparent pricing with no hidden costs.
- Precise ROI projections for informed decision-making.
- Long-term support and maintenance are built into every solution.

## Driving Green Growth Across South Africa

BRS helps property groups meet green certification requirements and exceed ESG targets. Our renewable energy solutions are designed to:

- **Reduce carbon footprints.**
- **Align with rising demand for green-certified properties.**
- **Enhance environmental leadership in your industry.**

Our partnerships with leading REITs and property developers ensure Bidvest is at the forefront of South Africa's transition to sustainable energy solutions.

# Comprehensive Support. Hassle-Free Performance.

At Bidvest, we go beyond installation. Our tailored Operations and Maintenance (O&M) agreements ensure your system runs at peak efficiency:

- **Panel Washing:** Using iodised water for optimal energy capture.
- **Performance Monitoring:** Continuous tracking and monitoring to ensure top performance.
- **Preventative Maintenance:** Bi-annual check-ups to identify, maintain and resolve issues.
- **Ad-Hoc Callouts:** Fast response to breakdowns or malfunctions.

**Our national footprint** ensures **reliable service** wherever your properties are located.

# Turnkey Solutions Tailored to Your Needs

We specialise in delivering comprehensive turn-key solutions encompassing solar and renewable energy projects tailored, monitored and maintained to meet the unique needs of commercial and industrial businesses.

## Benefits

- **Dealing with large corporate company for warranties, back up and support**
- **ESG targets**
- **Cost savings**
- **Finance and PPA options with no upfront capital outlay**

## INSTALLATION DETAILS

Client	Reddam House
Location	Constantia, CPT
Size of Plant	249kWp
Type	Grid Tied
Modules	460W Canadian Solar
Inverters	Solar Edge
Completed	2022

# COMMERCIAL PROJECT | REDDAM HOUSE CONSTANTIA

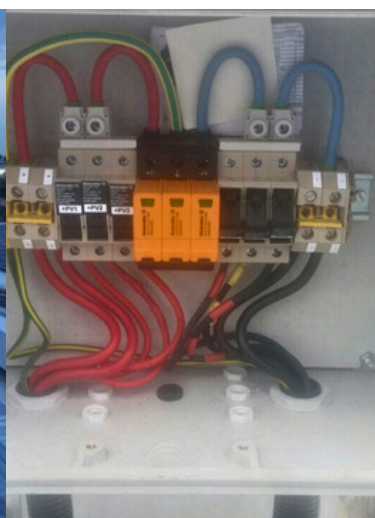

## INSTALLATION DETAILS

Client	Bidvest Laundry
Location	Spartan, JHB
Size of Plant	475kWp
Type	Grid Tied
Modules	325Wp Jinko Modules
Inverters	Solar Edge
Completed	2018

# COMMERCIAL PROJECT | BIDVEST LAUNDRY, SPARTAN

McCarthy Toyota

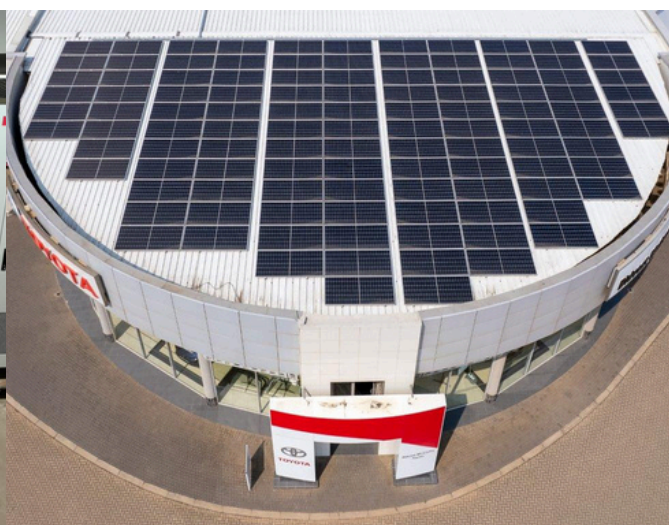

PEACE OF MIND IS PART OF THE DEAL.

## INSTALLATION DETAILS

Client	McCarthy Toyota
Location	Ballito, KZN
Size of Plant	61kWp
Type	Hybrid
Modules	460W Canadian Solar
Inverters	ATESS
Completed	2022

## COMMERCIAL PROJECT | MCCARTHY TOYOTA

# Actual Results for Leading Properties

Customer Name	System Installed Details- (panel, output + battery)
Academy Brushware Bredel	96,3kWp
Aquazania Linbro	10kWp + 30kWh
Bidvest Internation Logistics Germiston	177, 1kWp + 200kW + 500kWh
Burncrete	52,65kWp + 100kW + 100kWh
Cecil Nurse	200, 20kWp
Cellini Durban	8kWp + 15K,96kWh
Develop SA	23,46 kWp
Electech Power Solutions	70,8kWp
G-Fox Pencil Park	66kWp
Global Payment Technologies Linbro Park	7,36kWp + 16kWh + 20kWh
Kolok	121kWp
Lithotech, Cape Town	281kWp
Matus, Germiston	248,4kWp
McCarthy Audi West Rand	139,7kWp
McCarthy Audi Wonderboom	139,7kWp
McCarthy Toyota Ballito	61kWp +100kWh + 80kWh
McCarthy Toyota Dbn North	46,92kWp + 100kWh + 80kWh
McCarthy Toyota Hatfield Admin	8,8kWp
McCarthy Toyota Hatfield Admin	8kWp + 11kWh
McCarthy Toyota Lynnwood	122,4kWp
McCarthy Toyota Midrand	176kWp
McCarthy VW Parow	78,66kWp
McCarthy VW Silver Oaks	5kWp + 10,64kWh
McCarthy VW Silver Oaks	80kWp
Plumblink HO	240kWp
Reddam House Constantia	242,88kWp
<b>Total Projects: 26</b>	<b>Total Installed Capacity: 2,7 MW</b>
